# DISCO 45

The month has rushed by and here we are again with another bunch of fantastic songs . . . there seem to be so many goodies lately that it is sometimes difficult to know just which ones to print . . . we only have just so much room in each issue and as you can see in this issue, some of the songs are so long that they need almost a page to themselves! Take Coconut, for instance—we had great fun taking down the words to that one!!

Talking of space . . . to make a bit more room in this issue we have left out the *Back Numbers* announcement . . . this doesn't mean you can't order back numbers—just refer to previous issues for details. *Your Scene* has moved back in it's place, and *Number One* occupies a whole page. This month *Number One* features John,

Paul, George and Ringo—yes folks, the fantastic *Beatles*, and it is especially dedicated to all those readers who have written so many, many times since we first started *Disco 45*. As the feature says, we could devote a whole issue to The Beatles alone, but we hope that what we have covered will tide you over until we do just that . . .

We have just been notified that the address of the NEW WORLD FAN CLUB has been changed and is now as follows: New World Fan Club, c/o Mel Collins, Suite 3, Townsend House, 22/25 Dean Street, London W1. Please write there in future and NOT to the address that we gave out in an earlier issue. If any of you who have written to Wendy Sandiford and haven't yet received a reply, please write right away to Mel giving him all the details . . .

Have you heard the TREMELOES latest record—*I Like It That Way* . . . It really is the best thing they've done since I used to call Len Hawkes Chip! They really deserve a big hit so why don't you go right out and grab a listen . . . they're a great bunch of lads and one of the few groups who have stayed together since the early days . . .

No news yet on the T. Rex Fan Club, but Marc's office has promised us that they'll give us the info in time for next month's issue . . .

On May 13 last over 1,000 kids (were you one of them?) marched on the BBC, demanding that they review their decision to drop screening the PARTRIDGE FAMILY starring DAVID CASSIDY after only 13 episodes, which ended in December last year. The BBC say that they don't feel that the programme is popular enough to buy another series from America . . . but we know different don't we!?? So if you want to see Dave Cassidy on the box again here's what you must do . . . WRITE TODAY DEMANDING A NEW SERIES OF THE PARTRIDGE FAMILY BE SHOWN OR THAT THEY RE-SHOW THE FIRST SERIES. The address to write to is: BBC Television, Television Centre, London W12. If every and we mean every Dave Cassidy/Partridge Family fan who is reading this right now writes, it will show Auntie BBC just how popular this programme really is and maybe, just maybe, they will change their mind. It's worth a try, isn't it?

Happiness to you all . . .
