

HIT THE SCENE

Summer has really come to HIT! All our favourite people have been telling us their secrets for a super holiday. David's paradise island is really beautiful — wish we could be there with him, lazing in the sun! We took gorgeous Gary out to the park with us — that caused a stir. Even Steve of The Sweet has got lots of advice on sunbathing!

We're all rushing off into the sunshine now. Have a good time if you are going off on holiday — and don't forget to take HIT! with you.

Much love,
TONY
