

HIT THE SCENE

Some real exclusives are lined up for you inside this super issue of HIT!

We got right down to the nitty gritty with the mum of a famous pop star. The pop star in question is Slade's Jimmy Lea, and his mum has decided to tell us what he was like as a child. We've got lovely Donny in a Christmas mood, because that's his favourite time of the year... There's a new time like Christmas!!! Same time, same place next week!

Until then,
Much love,
TONY
