Last Night

Recorded by

PARTRIDGE FAMILY

on their *Shopping Bag* album on the Bell label

Last night I couldn't fall asleep
Because I wanted to keep on thinkin' of you
Last night I was flyin' high.
I was happy, I was happy

Last night you told me something
That I won't forget if I should live forever
Last night you said you loved me
And it gave me fever and I thought it over.

Baby, my baby, when you are there
I'm aware that I must be dreaming
When you are near
I can hear my body screaming
Never let me go honey
Never let me go, baby
Never let me go, baby, never let me go
Never ever ever let me go.
