CASSIDY NEWS

Though Harry M. Miller has not yet seen the official GO-SET's exclusive report of several weeks ago that David Cassidy WILL arrive in Australia on February 28, we can now tell you for the first time, prior to any official statement, that plans are well advanced for David to perform at Melbourne's UCA Stadium and in Sydney at the Rodden's Convention.

And don't be surprised if Harry's ex-announcement that David will take a major part in the year's Melbourne Music Festival.

NEW DYLAN ALBUM

A new album from Bob Dylan, the 1974 release of 'Planet Waves' on Columbia Records, is now available. The album features 11 songs, including 'Forever Young', 'Gotta Travel On', and 'Don't Step on the Grass'. It is a double album, with 11 songs on each of the two discs. The album is a collection of songs that Dylan wrote and performed with his band, The Band, during their tour of Australia in 1974. The album is a testament to Dylan's enduring talent and his ability to create music that resonates with listeners around the world.
