

# 3 x David

CASSIDY's new 3rd solo album is titled Dreams Are Nothing More Than Wishes. In the UK they have released Daydreamer and The Puppy Song (by old Nilsson) on single but in the US it was Daydream (not the same, but John Sebastian's old hit) and Can't Go Home Again by Cassidy himself plus Kim Carnes and David Ellingson, both from his vocal backing group. On GO we think that although everything is extremely good, it is -Can't Go Home Again that sticks in the memory. So beautiful that it means that if Janne Malmsjö wants to have an annual hit on Svensktoppen, just record this in Swedish!
