

# SPRINGTIME POP-FUN STARTS HERE

We're so pleased to be able to present you with this very special issue of FAN. In time we know it'll become a collectors' item because of all the incredible things that are happening inside. We've been out and about with all your favourite pop stars getting exclusive pictures and sensational interviews.

We don't want to keep you back from the great things any longer. Just a reminder, though, that a 32 page issue of FAN comes out each month. The next one to appear on the bookstalls is FAN 22 which will be out on 17th May. Order your copy now!

With very best wishes,
