7:30-8:30 (4, 5) — Ironside has a sad tale of a ghetto boy with a weak father, a tarantula of a mother and a girl friend in a mental hospital. He is a reluctant member of a gang that steals to order. **David Cassidy**, son of Jack Cassidy, is good in his first starring role. So is young **Pamela McMyler** as his girl. Our group gets involved because the boy is a member of a basketball team coached by Mark, and it's Mark's fingerprint found on a scrap of paper at a robbery scene.
