

7.30 DAVID CASSIDY: TO AUSTRALIA WITH LOVE—

Programme produced in Australia during David Cassidy's recent tour. Producer-director Rod Kirk travelled first to New Zealand to record Cassidy's concerts there, and followed the average day in the life of Cassidy while on tour. Kirk kept his cameras on Cassidy throughout the day. He talked to him in his dressing room before a show, and questioned him about his feelings when he faces a crowd of hysterical teenagers.
