

DAVID VISITS ATLANTA!

LAST WINTER darlin' David Cassidy delighted a huge audience of all ages when he performed at the Municipal Auditorium in Atlanta, Georgia. Following the concert, David made an extra-special personal appearance at Radio Station WGST. Sure—the station expected **mobs** of David Cassidy fanatics, but **not** the block-long lines of patient, loyal fans who waited quietly for hours to greet their beloved David (see above pic)! In fact, over 3,500 Atlantans—between the ages of eight and 80—gathered 'round WGST to catch a glimpse of their fav—and maybe even get an autograph!

Thrilled by the wonderful reception, your adorable David insisted on **personally** greeting each and every fan who had come to see him—and most of them were lucky enough to get a cherished **personal autograph!** In fact, David got so carried away by his groovy Southern fans—including the little blonde doll in the center pic at right—that he almost missed the plane taking him to his next concert appearance!

Kay Stafford of WGST reported that many celebrities have appeared at the radio station, but "David is one of the nicest and finest young men we've ever had visit us." Guess dashing David just has that **certain something** that turns everyone on to him! But **you** knew that all along—**right?!!**
